8. **Big B's Temporary Structure-Jeff Schwartz**  
Jeff Schwartz said that Big B's put up a Weatherport structure on their property and he found out that it is encroaching on Town property. Building Inspector John Caven said that the property is an easement for utilities and the building is in the way. Jeff stated that the building can be moved at any time even with things being stored under the structure. Public Works Director Mike Owens said that there was a variance given to Big B's for the current facilities but it does not extend to this new structure. Jeff stated that it is absurd for the Town to not let him use the 5 foot space of Town property especially since Big B's employees 30 people and is providing jobs.  
After much discussion Tom Wills moved that Attorney Bo Nerlin draw up a lease agreement with Big B's for the term of 6 months ending on June 9, 2017 for the business to have their building on the 5 feet of Town Property. At the end of the lease it will be evaluated whether or not to extend the contract or if the building will need to be taken down.
